OFFICERS' MESSAGE

HELLO ALL!

At the time of this writing, we are well into summer. And here in Tucson, we are topping 110 degrees – so, it is time to head north. I will be attending the FMCA rally in Indianapolis, along with quite a few members from the FCOC, followed by our Club rally in Elkhart, IN. We will be convening at our annual required business meeting with elections at this rally. While in the area, I am looking forward to exploring some of the motorhome operations. I have heard some of the factory tours, as well as the RV/Motorhome Hall of Fame and Museum, are well worth taking in.

As you might have read in the email, we experienced a glitch in delivering the message that newsletters were posted on the website for all to read. I will make sure this doesn't happen in the future so as not to disappoint the members again.

We still have one more rally this year in Concord in late October, and there are two Camp Freightliner classes available with limited seats. This will be on a first-come, first-served basis, so you need to get signed up if you are interested. North Carolina will mark the end of our 2017 rally season – and we've already started planning a full schedule for next year!

For 2018, we have a spring rally scheduled in Tucson for the last week in March. It will take place at Pima County Fairgrounds, where they've just installed 100 50-Amp full hook-ups, as well as new conference rooms. As of right now, we are still looking for a spot somewhere in the East for an additional spring rally.

We also have scheduled 2018 fall rallies in Oklahoma, taking place the fourth week of September, and in Sevierville, Tennessee, which will be the last week in October.

The Club is still looking for some members to serve on the board in the capacities of Webmaster and Editor. If you are interested in either of these positions, please contact me.

As always, travel safely – and hope to see you down the road.

CHRYSLER AFFILIATE REWARDS

Did you know that as a member of the Freightliner Chassis Owners Club, you can get unbeatable pricing on Chrysler vehicles through Affiliate Rewards?

2016 Jeep Wrangler

Receive the Preferred Price* (1% below factory invoice) on the purchase or lease of most new Chrysler, Jeep®, Dodge, Ram and FIAT vehicles. The Preferred Price – combined with current incentives† – can help you save up to thousands of dollars off the MSRP.** Whatever you do, don't miss this amazing opportunity!

Participating in the program is easy. Here's how:

1. Get your Company Code, which can be obtained from the FCOC President. Just send an email to president@fcocrv.org and include your FMCA number in the subject line or call (321) 704-0695.
2. Visit chrysleraffiliates.com or call (888) 444-4321 to learn more about the program and to obtain a Control Number.
3. Take your Control Number, with proof of eligibility (FCOC membership card), to any participating U.S. Chrysler, Jeep®, Dodge or Ram dealership or FIAT Studio. If you don't have a membership card, contact us at vp.membership@fcocrv.org.
4. Ask for a copy of the vehicle invoice and you'll see the Preferred Price (PP) clearly listed.

Affiliate Rewards

*The Preferred Price is the maximum amount you will be charged by a participating U.S. dealer for an eligible vehicle. See dealer for details. A \$75 administration fee applies. Offer valid for up to 2 (two) Chrysler Group LLC vehicles per calendar year. The Dodge Viper and Jeep Grand Cherokee SRT are not currently eligible for this program.

†Not all incentives may be available, as they vary by region and residency of buyer. See dealer for complete details.

**Manufacturer's Suggested Retail Price. Excludes destination, tax, title and registration fees. Chrysler, Jeep, Dodge and Ram are registered trademarks of Chrysler Group LLC. FIAT is a registered trademark of Fiat Group Marketing & Corporate Communication S.p.A., used under license by Chrysler Group LLC.

NIGHTHAWK

The world's first illuminated tow bar

Patent pending • US patent numbers: 6,619,686 & 7,461,855

LED strips illuminate with RV taillights and provide eye-catching good looks while also lighting up the dead spot between your RV and towed vehicle. Our non-binding tow bars are the easiest to disconnect in the industry. They release at any angle or bind. The first time - every time. Includes internally routed safety cables and power cord.

CLUB UPDATES

The Nominating Committee submits the following slate of officers to be elected at the July business meeting, held at the July FCOC Rally in Elkhart, IN.

PRESIDENT STEVE BATORSON
VP. OPERATIONS-WEST KATHERINE HENLEY
SECRETARY JAMES PEEK
ASST. AREA OPERATIONS. JAMES ROBERTSON

All nominees have been contacted regarding their responsibilities and indicated a willingness to serve the Club.

As a reminder, if anyone wishes to nominate a candidate, they may do so at the July Business Meeting. A motion from the floor, followed by a "second" from another, and then acceptance by the person nominated on the ballot would be required. Once the nominations are closed, the election will follow.

We are in need of volunteers for the committee. If you are interested, you can contact any member of the board or Nominating Committee.

Respectfully submitted,
Barbara Knutson – on behalf of the members of the Nominating Committee:
Katherine Henley, Linda Slycord, Gerry DeHeer and Carol Vehill.

WE OFFER A
10% DISCOUNT ON
LABOR AND SMALL FLEET
PARTS PRICING TO ALL
FCOC MEMBERS.

Driven By You

MESSAGE

FROM

Hello, FCOC members:

As always, I hope this message finds you well and enjoying a fantastic start to your summer.

As the summer rally season heats up, so too does our team's schedule. As you'll see in the following pages of this issue of *RV Soul*, we've been as busy as ever, spending time with many of you at rallies and other events throughout the country. These events are very important for our team, providing us valuable opportunities to visit with FCCC owners like you, and to get your insights, ideas and input as to how we can consistently provide the industry's best and most comprehensive ownership experience.

Speaking of ownership experience, this issue of *RV Soul* features a recap of a recent Camp Freightliner session here in Gaffney. If you've never attended a Camp Freightliner – or if it's been a while since your last visit – these two-day training sessions at our Factory Service Center help you become more familiar with your Freightliner chassis. With topics like air brake and electrical systems, maintenance intervals, weight distribution, vehicle storage and much more – and plenty of time spent with fellow FCCC owners – Camp Freightliner offers a wealth of knowledge and camaraderie. Visit FCCCRV.com/owners to learn more and to sign up.

As you'll also see in this issue, we joined our friends at Newmar at their annual dealer meeting in April for the exciting launch of the 2018 New Aire. Powered by our 360XCS chassis, the New Aire is the corporation's luxury answer to the Class A market's growing demand for a shorter, smaller motorhome – and a celebration of our longstanding partnership with Newmar. The New Aire is loaded with the best features luxury motorhomes have to offer, which we're excited for you to learn all about.

Lastly, we are fortunate to count many military veterans among our employees at FCCC, and I wanted to highlight two recent events we helped facilitate in support of them. One was a walk/run held by our Employee Resource Group to benefit veteran suicide awareness; the other was a visit from Daimler Truck North America's Ride for Pride tour, which celebrates and raises awareness of our nation's armed forces. To all of our employees who've served – as well as to all FCOC Members who've served – you have my gratitude and appreciation.

Your FCCC team looks forward to once again visiting with as many of you as possible over the next couple of months. And remember that we always want to hear from you through our active social media presence; we especially love your sharing photos and stories of your travels.

In the meantime, save travels and happy trails.

David Carson

NEWS AND UPDATES
FROM OUR HEADQUARTERS IN GAFFNEY, SC

INSIDE

IT'S BEEN AN EXCITING YEAR WITH LOTS OF ACTIVITY ALREADY! FROM RALLIES AND TRAINING SESSIONS TO UNVEILINGS AND SPECIAL EVENTS, EVERYONE AT FCCC HAS DEFINITELY STAYED BUSY.

DEALER SALES TRAINING

We've wrapped up many successful dealer sales training sessions since the last issue of *RV Soul* – including teams from North Trail RV, Transwest RV and Dave's RV. Attendees received information on RIDE and delivering the ultimate customer experience, and even got some hands-on education and experience with UltraSteer, V-Ride and the all-new S2RV diesel chassis.

RAMBLIN' PUSHERS CHAPTER 419 RALLY

The Ramblin' Pushers Chapter 419 Rally in Goshen, IN, was a blast! It was very exciting to see so many join us for the Fireside Chat and round table discussion.

2017 THOR DIESEL CLUB SPRING RALLY

The Thor Diesel Club Spring Rally, which was located at Will Rogers Downs KOA in Claremore, OK, had great attendance as well. With the rally opening the day after the Kentucky Derby, many arrived a day early – and the ladies dressed accordingly.

FCCC'S S2RV CHASSIS

Our new S2RV front-engine diesel cab chassis that we unveiled in the last issue of *RV Soul* made its way out of the factory to hit the market. It's the first-ever, one-of-a-kind "Super C" motor coach chassis designed specifically for and dedicated to the RV market. Our partners at REV Group were the first to pick it up for their new Renegade Valencia.

2017 NAARVA SOUTHERN REGION RALLY

The 2017 NAARVA Southern Region Rally was a HUGE success. With such a large turnout, we had lots of opportunities to meet many members and discuss shared passions and experiences with our RVs. It was wonderful to see so many chapters come together for the rally – as well as a parade and Fireside Chats. We're already looking forward to next year!

FCCC FOR VETERANS

On Saturday, May 6, the FCCC Employee Resource Group held a 5k run/walk to benefit veteran suicide awareness, in which over 80 employees participated. We are very proud to be an organization so full of support for our veterans, devoted to bringing attention to the very real impacts of Post Traumatic Stress Disorder among U.S. veterans, and letting them know they're not alone.

Organized by Daimler Trucks North America (DTNA), the Ride for Pride made a stop at FCCC headquarters in Gaffney. The Ride for Pride is a caravan of DTNA trucks memorializing and celebrating moments in the history of our nation's armed forces. The Western Star, for example, honors the 75th anniversary of Pearl Harbor, and the Freightliner Cascadia – with designs inspired by submissions from FCCC team members – honors Schneider's 10th anniversary as part of the Ride. Ride for Pride serves as a mobile tribute to all POWs, MIAs and U.S. veterans, in conjunction with Rolling Thunder – a group that began an annual protest in Washington, D.C. 30 years ago.

Redefining Performance.

Better In Every™ Way.

What makes Cummins the leading choice for RV customers? An unsurpassed combination of performance, reliability and fuel economy. From the 200-hp B6.7™ to the 605-hp X15™ Performance Series, there's a Cummins diesel that's the right size for your next RV – all backed by the largest, most capable service and support network in North America, including numerous

Coach Care™ RV Centers. For confidence over any terrain, longer trips between fueling and world-class support, you deserve a diesel. Call Cummins Care at 1-800-CUMMINS™ (1-800-286-6467) or visit cumminsengines.com/rv to see how our 2017 engines are redefining performance in every way.

Each Extra Person: add \$99

VER-EL MOBILE CAMPGROUND

5650 Sandusky Blvd.

Concord, NC 28027

(704) 769-0248 | www.verelrvpark.com

The Freightliner Chassis Owners Club Rally date has been set! There are 100 available sites. Rally fee includes, but is not limited to, the following:

- 4 Nights Full Hook-Ups with 30/50-Amps Power
- 4 Breakfasts
- 4 Dinners
- Water and Sewer at Every Site
- Halloween Party (for those that would like to participate in costume)
- Seminars, Vendors, Crafts, Ladies' Social
- Optional: Tour of Charlotte Speedway, NASCAR Hall of Fame and the Sam Bass Museum
- Also available for an additional fee is lunch at the NASCAR Hall of Fame (\$68)

Mark your calendars for our October 23-27, 2017 rally that will be held right across the street from the Charlotte Motor Speedway (www.charlottemotorspeedway.com) in Concord, North Carolina – and also the first stop on our scheduled tour! The track hosts many NASCAR events throughout the year, such as Coca-Cola 600, Bank of America 500, Monster Energy NASCAR All-Star Race, the Penzoil AutoFair and many more! If you decide against the tour, it's a great stop to add to your itinerary while in the Concord area.

After the Motor Speedway, we will head to the NASCAR Hall of Fame in Charlotte (www.nascarhall.com/). Whether a NASCAR fan or not, you will enjoy the high-tech venue, interactive entertainment and state-of-the-art theater lodged within the Hall of Fame. It honors the history and heritage of NASCAR while educating and amusing visitors with artifacts, hands-on exhibits and tributes to drivers, crew members, team owners and others that have made an impact on the sport's past, present and future.

Our tour will conclude at the Sam Bass Museum – the site of world-renowned and internationally recognized artist Sam Bass' collection of motorsport-inspired art (www.sambass.com). The connection began when he attended his first NASCAR race at seven years old, and has only continued to grow his joy, thrill and enthusiasm. His gallery includes everything from Christmas-themed work to imaginative guitar designs and graphic design illustrations. But, it's his racetrack and motorsport work that's made its way to The Jeff Gordon Foundation, The NASCAR Foundation and The NASCAR Hall of Fame.

Outside of our tour stops, the Concord area offers a variety of activities and attractions. Take a day to explore the Sea Life Charlotte-Concord Aquarium and meet Neptune, their green sea turtle (www2.visitsealife.com/charlotte-concord). Enjoy a cold brew at Cabarrus Brewing Co. (www.cabarrusbrewing.com) – half production facility, half taproom, 100% local. Or perhaps let your inner thrill-seeker out for some rock climbing or waterfall rappelling with Thrifty Adventures (www.thriftyadventuresnc.com).

For those who would like to sign up for Camp Freightliner for this rally, the classes will actually be taught in Gaffney. It is about 50 miles from where the rally is taking place. These classes can be signed up for with the code you get when your registration for the rally is confirmed.

This is just a small taste of what the Concord area has in store for attendees of the Freightliner Chassis Owners Club Rally, October 23-27, 2017. We will have updates and a reservation form on the website, as well as a more complete write up and tentative schedule in the next newsletter. We can't wait to see all of you there!

WESTERN AREA RALLY – MESA, AZ

GOOD LIFE RV RESORT • APRIL 24-28, 2017

RALLY RECAPS

The Western Area Rally was a fun-filled event in which the resort staff bent over backwards to make successful.

Our rally started with a Volunteer Dinner held on Sunday. The resort sponsored three dinners and potlucks during the week, and they kept us supplied with coffee, tea, water and lemonade throughout. On Wednesday evening, we had a movie night where we watched the recently released "Hidden Figures" and enjoyed popcorn and refreshments. We also had a free painting class where we learned how to make a desert scene, with all materials provided.

President Steve Batorson held a First Timers Seminar, which was well attended. Other seminars were held all day Tuesday and Wednesday from our five vendors: RV Glass Solutions, RV Weight, WashWax All, Michelin Tires and RV Connection. Freightliner's Joe Snyder gave a class on Knowing your Chassis. Freightliner Corporation also sent Wayne Scruggs from Gaffney, with a trailer stocked with a wide selection of chassis parts, as well as some Freightliner logo merchandise.

Caterer Keith Deakin put together a cooking class, where we were shown how to make Bavarian-style meatballs, followed by butter schnitzel with warm potato salad. We were served full courses of each demonstration, ending with apple strudel for dessert. Yum! He even gave us his recipes for the first two entrées.

ENJOYING ONE ANOTHER'S COMPANY, POOLSIDE.

THE MAKING OF ARTISTS CRAFT CLASS.

Each evening, after dinner, various card games were held to entertain our members. The two most popular card games were "Up Yours" and "Card Bingo."

Ladies had an opportunity to purchase clothes from Bon Worth, which was held at the resort. With the added incentive of discounts on all of their clothing, many stocked up on summer apparel.

On the last day, we had a group tour of the Mesa Commemorative Air Force Museum. All who went were taken into groups to tour the whole facility. We learned interesting facts about all of the planes they had restored and how these planes were used during the war. The Museum also had (for a fee), older restored planes available for flights around the city.

Full breakfasts were served every day, and our caterer even made special meals for our vegan, dairy- and gluten-free members. Besides all of the free meals from the resort, three dinners were included in our rally fee, including the steak dinner on the final evening – which were all cooked to order. After this delicious meal, we distributed door prizes. Much of it was provided by the Freightliner Corporation, with Member April Frank throwing in quite a few handmade items, and the rest was made up of gift cards, two free one-year memberships and one free upcoming rally.

President Steve and his wife Kim were celebrating their 27th wedding anniversary, so we surprised them with cake and balloons. The evening was topped off with entertainment by "Martini Men" impersonation group (Dean Martin, Frank Sinatra and Johnny Carson).

It was a fun-filled week with good weather, meeting and making new friends, and, as always, wonderful food. Thank you to those who volunteered with decorating our hall, registration and clean up after meals. Without your help, a successful, enjoyable rally would not have been possible.

Hope to see you all again at our next rally,

Mary Costigan
Rally Master

KNOWING YOUR CHASSIS WITH WAYNE SCRUGGS.

BREAKFAST TIME.

ONE OF THE MANY SEMINARS.

HAPPY 27TH (THE CAKE WAS ON SALE).

PARTNER SHOWCASE

BREATH OF FRESH AIRE

At their 2017 Dealer Meeting in Kissimmee, FL, Newmar raised eyebrows with the unveiling of their 2018 New Aire. Built exclusively on a Freightliner Custom Chassis and powered by a Cummins ISB engine, the coach offers all the new innovations from both Newmar and Freightliner. Equipped with Comfort Drive Steering, V-Ride and independent front suspensions, push-to-start ignition, key FOB and the beautiful all-glass Digital Dash.

OPTIVIEW DIGITAL DASH COMPONENTS:

- **Adaptive Cruise Control:** maintains a set speed when the lane ahead is clear and auto-adjusts your speed when you are approaching a vehicle closely ahead.
- **Collision Mitigation System:** another feature of RoadWatch that gives audible, visual and haptic alerts to warn the driver of possible rear-end collisions – and helps mitigate front-end collisions by applying brakes when appropriate. The system remains active even when cruise control is not set.
- **Electronic Stability Controls:** automatically selects brake and speed reduction when in slippery curves or evasive actions.
- **Roll Stability Control:** actively monitors and reduces speed if a rollover risk is detected.

The "New" Aire is just that – offering new graphics, colors and oval LED side market lights with chrome bezels.

"It's perfect for the RVer that doesn't want a big 45-foot diesel pusher, but wants all the amenities that come with the London Aire, Mountain Aire and Essex-style products," said John Sammut, VP of Sales at Newmar.

Combining a lower profile with 22-inch tires, the New Aire provides increased accessibility to people with disabilities and easy, comfortable entry to all. The interior of the coach ensures never-ending entertainment with Sony televisions, automatic digital TV antenna, Bose Solo 5 sound bar, Xite dash radio with Harman JBL 180 watt sound system and Rand McNally navigation system. It also provides new and improved shower features, wood-constructed bunk ladders and motion-activated LED lights in the pantry.

The coach's exterior is outfitted with a Winegard Rayzar automatic digital TV Antenna, power baggage door locks with keyless entry, Girard 2000 power box awning and a secondary egress door with new extendable ladder – and that's only the beginning.

To learn more about features on the New Aire, along with other coaches, visit FCCCRV.com/5-star.

SERVICE UPDATE

FREIGHTLINER®

Custom Chassis

Freightliner Custom Chassis is relied upon and trusted by luxury RV owners to deliver the performance they expect, assurance of their industry-leading owner support and peace of mind that comes with their dependable heritage.

In order to ensure the premium RV ownership experience and further enhance the luxury provided by their unmatched ride and handling, FCCC developed their concept of infinite support – and perfected every detail.

At FCCC, “Infinite Support” means:

ALL-DAY, EVERY-DAY.

When they say 24/7 factory-direct support, they mean it. FCCC is the only chassis builder to provide around-the-clock concierge service with NO outsourcing – even after hours. No matter what day or time you call, you'll never be transferred to a recording or be asked to leave a message at the “beep.” You will always speak directly to a trained, certified, knowledgeable factory service advisor with an average 18 years of experience.

NATIONWIDE.

With 450+ FCCC service stations throughout North America – including 90+ Oasis locations specializing in RV service – Freightliner is the largest, most comprehensive branded service network in the industry.

SOLVING ANY ISSUE.

Whether you've called the 24/7 factory-direct service in regards to general support, a technical inquiry or breakdown assistance, the friendly phone support team at FCCC is ready to help you solve it and get back on the road. And if for some reason your call should be dropped, disconnected or service is lost, a technician will take it upon themselves to contact you by the end of the day.

FOR A LIFETIME.

You'll be surprised to find that FCCC's 24/7 factory-direct technical support doesn't expire with the warranty. In fact, FCCC is the only chassis builder to offer around-the-clock, toll-free support directly from the manufacturer for the LIFE of your coach.

BEING MOBILE.

The 24/7 Direct free mobile app is available for iPhone, Android and Windows devices. With the touch of a button, you can locate a dealer near you, receive driving directions, view service hours, access websites and more! You can also call our 24/7 Direct service team or shoot us an email directly from the app. Search “Freightliner 24/7” and download it today to ensure the best owner care in the industry is always within reach.

PERSONALIZATION.

Each new FCCC owner receives a 24/7 welcome kit, which includes a personalized USB card loaded with PDF files, links for useful resources and comprehensive “Knowing Your Chassis” information.

Freightliner is proud to be the first and only chassis builder to provide their customers toll-free, around-the-clock 24/7 service. Download the app, call or go online today to learn more.

WHEN YOU KNOW THE DIFFERENCE™

SHOP TALK

JOIN US FOR A *Fireside Chat*

Offered at RV owner rallies and events across the country, Fireside Chat is an abbreviated version of Camp Freightliner – FCCC's wildly popular two-day seminar – reserved exclusively for FCCC owners. It's packed with valuable information about your product, what Freightliner does to make your ownership experience easy and enjoyable, and maintenance tips and tricks for new and veteran RVers.

Although brief, Fireside Chat covers everything from joining the FCCC family to the parts of your chassis – broken down into seven sections to make the class easy to follow and convenient, in addition to being interesting and informative.

Learn more about the benefits of driving a motorhome built on an FCCC chassis by registering for a Camp Freightliner Course at FCCCRV.com/owners/camp-freightliner.

SECTION 1: INTRODUCTION TO FCCC

First, you'll learn all about the heritage and history of Freightliner Custom Chassis. Backed by Daimler, a sister company to Mercedes Benz, FCCC brings best-in-class features and support, maneuverability and performance, over-the-road durability, and hundreds of years of engineering excellence. You may be surprised to find that FCCC is not only a market leader in the RV industry, but in the Delivery Truck and Walk-in Van, Commercial Bus and School Bus markets as well. Their 900+ employees in the manufacturing, customer support and retail facilities – who average 11 years experience – are dedicated to remaining the leading custom manufacturer of premium chassis in all four distinct markets.

SECTION 2: CHASSIS FAMILY

FCCC's innovative, industry-leading family of chassis is proven, personal and performance-tested. With a Freightliner chassis, you get greater horsepower and torque with Cummins and Detroit engines, 55- to 60-degree wheel cuts, disc brakes for better heat dissipation, shorter stopping distances and longer brake life, as well as industry-first products like V-Ride and UltraSteer. The chassis family includes:

- XC DIESEL CHASSIS: most popular in the motorhome industry. More than 78% of all Class A diesel motorhomes ride on a Freightliner XC chassis.
- XCS STRAIGHT RAIL CHASSIS: straight frame rails allow for a flat floor throughout the coach. Also equipped with V-Ride – the first-ever single-axle suspension rated at 24,000 lbs.
- XCR RAISED RAIL CHASSIS: provides the same flat floor, but increased basement storage as well. The lowered engine position also improves ride and handling.
- XCL LOWERED RAIL CHASSIS: allows for greater stability due to its low center of gravity.
- XCM MODULAR RAIL CHASSIS: bridge structure eliminates the tall frame rails, increasing basement storage.
- SL CHASSIS: most in-demand diesel chassis for luxury motorhomes and FCCC's fastest growing market segment.
- S2RV FRONT-ENGINE DIESEL CHASSIS: the first-ever, one-of-a-kind "Super C" motor coach chassis developed for and dedicated to the RV market.

SECTION 3: OWNERSHIP EXPERIENCE

What does it mean to be part of the FCCC family? First and foremost, it means being part of the only chassis builder family to offer 24/7 support for the lifetime of your coach, not just the warranty period. Being a member of the FCOC provides a wealth of benefits, including: discounts on parts and labor, discounts on Chrysler vehicles below invoice, nationwide rallies and events, and comprehensive communication that keeps you informed. You can read more about 24/7 Direct and dealer service locations in the Service Update on page 22 – and about Camp Freightliner on page 26. Owning a Freightliner chassis also means access to daily factory tours and the option to join the Owner's Club – the great FCOC!

SECTION 4: LET'S DRIVE!

In the fourth section, you'll learn everything there is to know about ride and handling. This includes your chassis' SmartWheel switch panels, the LCD information center and display information, OptiView, tire care, weight distribution, transmission and prognostics, air system locator, color-coded air lines, front, rear, disc and engine brakes, and more!

SECTION 5: CHASSIS CARE

Schedule your recommended annual maintenance service or pre-trip inspection at FreightlinerChassis.com or using the scheduling guidelines found in your maintenance manual. You'll also receive information on towing guidelines and important contact numbers and websites.

SECTION 6 AND 7: PART NUMBERS AND ENGINES (2007 & 2010 EMISSIONS OVERVIEW)

In the sixth part of Fireside Chat, you'll be provided with all the updated numbers for older parts. It also offers numeric and compatibility detail into exhaust, fuel and oil regulation – as well as DEF tank comparisons and range.

**SACRAMENTO
TRUCK
CENTER**

SACRAMENTO TRUCK CENTER MOTORHOME SERVICE

Regular preventive maintenance check ups are the key to keeping your Freightliner chassis in safe, reliable condition.

Having STC perform a chassis inspection is the best way to ensure you will get safe, enjoyable miles from your Freightliner chassis.

Our factory trained technicians will perform a thorough 15-point chassis inspection free of charge and will provide you with an estimate for any repairs needed. Additionally, FCOC members will receive a 10% discount on labor and a fleet discount on any parts needed.

AT SACRAMENTO TRUCK CENTER, YOU WILL FIND:

- A Clean, Organized Service Department
- Factory-Trained Technicians on FCCC, Cummins, Cat, Detroit Diesel, MBE Allison
- Friendly, Professional Service Personnel
- All of the Latest Tools and Equipment

Get to Know Your Chassis.

CAMP FREIGHTLINER

We had some wonderful groups join us for Camp Freightliner who were very eager and excited to learn about all the technology we've developed recently, including OptiView dash, RoadWatch and our all-new push-to-start key FOB, just to name a few. There are many Camp Freightliner opportunities in the near future and we hope to see you there!

CAMP FREIGHTLINER I

Take advantage of FCCC's comprehensive and captivating two-day training session in Gaffney, SC, to learn about the benefits of driving a motorhome built on an FCCC chassis. This is not a hands-on workshop, but you will spend time at a bare chassis to become more familiar with the features. Class size is limited and filled on a first-registration basis, so sign up today!

Topics:

- Air brake system
- Electrical system
- Maintenance intervals
- Weight distribution
- Vehicle storage
- Plus much more!

Fee: \$225.00 for single attendance or \$275.00 for driver and co-pilot for the two-day class. Pay at time of training.

****Please feel free to bring your laptops to class, so that you can follow along with the Internet portion of the course.****

NEW! PAY FOR CAMP FREIGHTLINER WHEN YOU REGISTER ONLINE!

When you register for Camp Freightliner on FCCCRV.com, you can now pay right away by debit or credit card, or your PayPal account.

2017 CLASS SCHEDULE UPDATED ON FCCCRV.COM

To register, visit FCCCRV.com and click on "Camp Freightliner" on the home page.

2017 CLASSES AT FCOC RALLIES

We've made special arrangements with FCCC to have a full Camp Freightliner at a number of our 2017 FCOC rallies. They're just like the classes you'd take in Gaffney, but you don't have to go to South Carolina!

When you register for the rally at FCOCRv.org, you'll receive a special code to enter when you sign up for Camp Freightliner at FCCCRV.com/owners/camp-freightliner.

CAMP FREIGHTLINER II

Camp Freightliner II is a Service & Maintenance class held at the Factory Service Center. This is not a hands-on course, but pairs you with a service technician in the service bay to observe the proper service techniques and ask questions about the chassis.

Fee: \$100.00 + cost of your scheduled maintenance (Covers safety and protective equipment, lunch and other supplies)

****Camp Freightliner I is a prerequisite to this class.****

****There is a minimum level of routine service required for this class which, will be verified upon scheduling of service.****

SIGN UP FOR A
CAMP FREIGHTLINER CLASS
ONLINE AT **FCCCRV.COM**

TOUR THE FCCC FACTORY

While you're in town for Camp Freightliner, we encourage you to tour the factory to see how our chassis come together.

At approximately 200,000 sq. ft., the FCCC Factory is a must-see for Freightliner Chassis owners. Just 4.5 miles from our Service Center and 6 miles from the KOA Campground, the FCCC Factory offers a daily tour Monday-Friday with registration beginning at 10:15 a.m. in the main lobby. Each tour lasts 45 minutes to an hour, and you will see everything from an engine being up-fitted with accessories to a completed chassis ready to roll out the door to the body builder.

Time for a factory tour is not included in the Camp Freightliner itinerary, so plan an extra day before or after class for this one-of-a-kind experience. You won't want to miss it!

ROADTRIPPING WITH ROVER

No one wants to leave the family pet behind – they're man's best friend, after all! But traveling with a dog, cat or any other household pet has its challenges, to say the least. There are, however, many tips and tricks to make the trip easy and enjoyable.

PET-PROOFING YOUR RV

- Not necessarily RV-related, but crate training is the first recommended step to taking your dog on the road. Not only does it ensure your rig's interior remains intact when you have to step away from camp, but it keeps Fido safe when the RV is moving.
- Placing dog beds on the floor or throw blankets on couches will keep the wear and tear of your RV furniture to a minimum. Claw caps allow you to relax knowing your cat's claws aren't damaging the sofa as well – and come in a variety of colors.
- Ramps are perfect for older animals that can't make the jump and younger animals with lots of energy – helping to eliminate the chance of scratching on the bed frame or rig itself.
- Baby gates are lightweight, inexpensive and great for confining your animal when need be. Pet nets are the perfect alternative for cats.

KEEPING YOUR PET SAFE, COMFORTABLE AND WELL-MAINTAINED

- Place a few of the pet's belongings around the RV and allow them to get acquainted with the space without any pressure. If the animal shows any signs of anxiety (drooling, whining, pacing), the best thing to do is ignore it. Picking them up or paying attention to the behavior reinforces it. Simply stay with your pet and speak in a soothing voice until they are calm enough to handle as normal. Feeding treats during this process is a great way to associate the new space with happy memories and things they enjoy.
- Eliminate food temptations and areas of curiosity. Just like a child, your animal will want to investigate every nook and cranny, so keep anything that would be harmful, unhealthy or damageable out of reach.
- Create a space that is theirs. An empty battery bay is the perfect place to hide a litter box – and an empty storage compartment is a great place for a bed.
- Make sure you are up to date on all your animal's shots. Though you may take exceptional care of your pet, there are many dangers and diseases on the road. Keep vet records on hand, as well as all medication – prescribed and over-the-counter medicines like flea & tick guard or relaxers for anxious animals.
- And to assure your RV park neighbors' peace of mind, always scoop the poop and leash the beast.

PET-FRIENDLY DESTINATIONS

- We bet you didn't know all the stores, shops and boutiques across the country that are happy to open their doors to your friend on all fours. Home Depot, Barnes & Noble, Bass Pro Shops, Tractor Supply, Macy's and Old Navy are just a few that make up the list. Some policies vary from store to store, so call ahead just to be sure.
- Type your zip code into the website www.BringFido.com and receive a list of places you and your four-legged friend can dine together.
- The website www.dogfriendly.com is also a great resource for finding pet-approved destinations. Some of the most popular include:
 - o **DOGGIE DESERT DELIGHTS: IN TUCSON, ARIZONA** has been called one of the most dog-friendly snowbird hot spots in the southwest. The city welcomes canines at multiple attractions like Bookmans (a books/entertainment mecca), Tucson Botanical Gardens and the Pima Air and Space Museum.
 - o **SUN AND SURF: IN SAN DIEGO, CALIFORNIA.** Enjoy the West Coast by taking your pup along to paddleboard at Aqua Adventures Kayaks & Paddleboard, sip wine at The Wine Pub in Point Loma (has its own doggy menu) stroll through the Spanish Village Art Center.
 - o **SAN ANTONIO, TEXAS** offers much more than the Alamo! Bring your pal to explore the city's history at the San Antonio Missions National Historical Park, River City Run or Bad Wolf Ghost Tour.

Get The Most From Your Allison-Equipped Motorhome

Allison Motorhome Series™ fully automatic transmissions provide customized performance at your fingertips. The transmission will automatically select gears based on engine rpm, throttle position, vehicle load and road speed. However, you can manually control the upshifts and downshifts when it is necessary for driving in different conditions. To avoid damage to the drivetrain, the transmission will not allow you to select a range that will over-speed the engine.

Highway Driving (Level Terrain)

Operating in the Drive mode is recommended when driving in normal highway conditions.

Mountainous Driving (Up & Down Terrain)

When ascending a grade, gently release pressure on the throttle and select a lower gear range to maintain higher engine rpm. Road speed may decrease, but power (torque) will remain at peak output. When descending a grade, never use a higher gear range than was used ascending the same grade. Selecting a lower gear range will also minimize cycling between ranges on a series of short up and down hills.

City Driving (Stop & Go Traffic)¹

To maximize performance select the lowest gear range that allows the vehicle to reach the speed you expect to attain between stops. This will minimize cycling between higher ranges and provide better vehicle cooling while driving in stop-and-go conditions.

Winter Driving (Ice Or Snow)²

If possible, reduce road speed and select a lower gear range before you lose traction. Select the gear range that will not exceed the speed you expect to maintain. Accelerate or decelerate gradually to prevent losing traction. It is very important to gradually slow down when a lower gear range is selected. It is also important to allow the transmission to reach the lower gear range before attempting to accelerate. This will avoid an unexpected downshift during acceleration.

Engine Braking³

Engine braking provides good speed control for going down grades. When the vehicle is heavily loaded or the grade is steep, it may be desirable to preselect a lower range reaching the grade. If engine-governed speed is exceeded, the transmission will upshift automatically to the next range.

For more information, visit allisontransmission.com.

¹ In the event you leave the vehicle or driving compartment, even momentarily, while the engine is running, be sure the transmission is in Neutral and the parking brake and/or emergency brakes are set and properly engaged. Unexpected and possible sudden vehicle movement may occur if these precautions are not taken.

² Using the retarder on wet or slippery roads may cause loss of traction on the drive wheels—your vehicle may slide out of control. To help avoid injury or property damage, turn the retarder enable to OFF when driving on wet or slippery roads. The retarder is automatically disabled whenever the vehicle anti-lock brake system (ABS) is active. However, in case the ABS malfunctions, it is recommended that the retarder enable switch, if present, be disabled.

³ To avoid loss of control, use a combination of downshifting, braking and other retarding devices. Downshifting to a lower transmission range increases engine braking and can help you maintain control. The transmission has a feature to prevent automatic upshifting above the lower range selected. However, during downhill operation, if engine-governed speed is exceeded in the lower range, the transmission will upshift to the next higher range to prevent engine damage. This will reduce engine braking and could cause a loss of control. Apply the vehicle brakes or other retarding device to prevent exceeding engine-governed speed in the lower range selected.

ROADSIDE RECIPES

SUMMER IS FINALLY HERE, AND WITH IT COMES BEACHES, BARBEQUES AND BATHING SUITS. SO, FOR THIS ISSUE OF ROADSIDE RECIPES, WE'RE SERVING UP THREE DELICIOUS APPETIZER AND SIDE DISH ALTERNATIVES THAT ARE LIGHT, EASY, FRESH AND FUN.

GRILLED CORN SALSA

INGREDIENTS:

- 4 ears of corn
- 1 pint grape or cherry tomatoes, halved
- 2 avocados, diced
- 1 small red onion, thinly sliced
- 1 handful of basil, thinly sliced
- 2 lemons, juiced
- 3 tablespoons extra virgin olive oil
- Salt and pepper to taste
- Pita chips

DIRECTIONS:

1. Grill the ears of corn, and then cut off the cob.
2. Combine corn, tomatoes, avocados and onion.
3. Gently toss in basil and mix together.
4. Whisk lemon juice with olive oil, and then pour over the salsa.
5. Season with salt and pepper. Stir to coat.
6. Serve chilled or at room temperature with pita chips.

All recipes courtesy of www.goRVing.com - a complete guide for food, games, travel, camping and tailgating in your RV.

DID YOU ENJOY THIS RECIPE? WE'D LOVE TO SEE HOW IT TURNED OUT! HAVE A RECIPE OF YOUR OWN? WE'D LOVE THAT EVEN MORE! POST YOUR PICTURES ON FACEBOOK AND DON'T FORGET TO TAG US - IT COULD BE FEATURED ON OUR RV ROAD TRIPPERS FACEBOOK PAGE OR IN THE NEXT ISSUE OF RV SOUL.

TROPICAL SHRIMP PARFAIT

INGREDIENTS:

- ¾ pound shrimp, peeled, deveined, cooked and cut into medium dice
- 1 large avocado, diced
- ½ cup grape tomatoes, halved
- ½ cup cucumbers, diced
- ½ cup mango, diced
- 1 large orange
- 1 lime
- Olive oil
- Honey

DIRECTIONS:

1. Layer ingredients in two glasses at a time, in order: shrimp, avocado, tomatoes, cucumber, mango. Repeat.
2. Squeeze orange and lime over both parfaits.
3. Finish with a drizzle of olive oil and honey, to taste.

ASIAN CHICKEN SALAD

INGREDIENTS:

- 4 cups baby spinach
- ½ cup chow mein noodles
- 1 cup snow peas, chopped
- 1 lb. skinless, boneless chicken breast
- Kikkoman wasabi sauce (to taste)
- Finely chopped carrot slices

DIRECTIONS:

1. Season chicken with salt and pepper and grill until done.
2. Let sit 2 minutes before slicing into bite-size pieces.
3. Mix baby spinach, chicken pieces, carrot slices, snow peas and chow mein noodles in large bowl. Top with Kikkoman wasabi sauce to taste.
4. Enjoy!

FEATURED MEMBERS

LIFELONG CO-PILOT

Meeting as teenagers at church in 1950's New York, Miles and Joan Munzer have been together since – with their multi-decade RV adventures beginning soon after. “It started in 1964 in a Volkswagen Westfalia Camper with two kids and a dog,” FCOC Member Miles Munzer begins the tale.

Their first trip took them down the coast to Elizabeth City, North Carolina, but the travel experts have been all over the world via planes, trains, automobiles and more. Miles – a longtime ocean sailor / sea captain, engineer and commercial pilot – has been in the driver's seat throughout their journeys.

The couple became part of the Freightliner family when Miles tagged along with a friend who was hunting for a rig of his own. At the time, the Munzers owned a coach on a Dodge chassis. He was taken back when he saw “Freightliner,” and decided to put his expertise to the test.

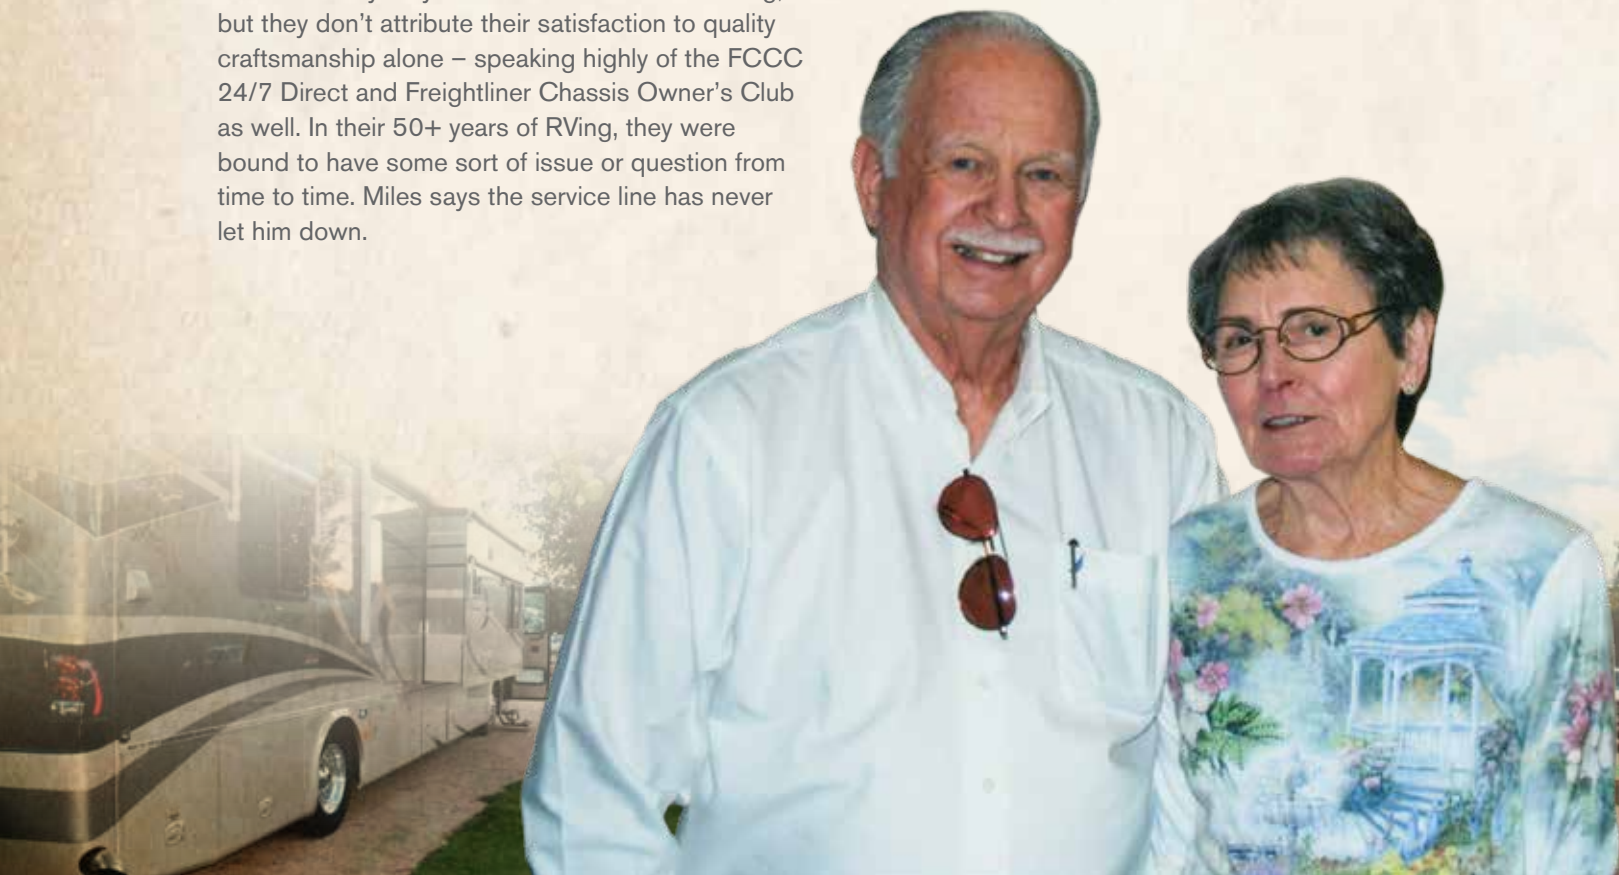

“I thought ‘Freightliner? They make trucks.’” he remembers. “But before long, I was underneath the chassis and thinking, ‘wow, this thing is really built.’”

They've been riding on an FCCC chassis ever since, now spending their eleventh year with their 2006 Tiffin Allegro Bus. “We've taken good care of it, and it has taken very good care of us,” says Joan.

It's safe to say they are content in their current rig, but they don't attribute their satisfaction to quality craftsmanship alone – speaking highly of the FCCC 24/7 Direct and Freightliner Chassis Owner's Club as well. In their 50+ years of RVing, they were bound to have some sort of issue or question from time to time. Miles says the service line has never let him down.

“
**IT STARTED IN 1964 IN A
VOLKSWAGEN WESTFALIA CAMPER
WITH TWO KIDS AND A DOG.**”

– FCOC Member Miles Munzer

"No matter where you are, it doesn't make a difference," he says. "Call Freightliner on their 800 number and you will have an answer – where to go, what to do, how to get it fixed. It really is a great company."

Joining the FCOC in 2003, the couple thoroughly enjoys being members of the owner's club. Now residing in Scottsdale, Arizona, they most recently attended the FCOC Rally in Mesa and said it was just as enjoyable as the rest. "It's a friendly group where everyone knows everyone," he says. "The rallies are smaller, so you get to meet people and spend time with them."

The couple has traveled the U.S., as well as Singapore, Hong Kong and Europe. Yet, while they've seen it all from every angle, Miles driving their 2006 Allegro Bus with Joan in the passenger seat through the U.S., West Coast is their happy place. Specifically, they've found Paradise Park in Gunnison, Colorado, to be their favorite. In fact, when this issue comes out, the Munzers will be on their way there – passing through Wyoming, Montana, Idaho, Washington and Oregon before returning home in September.

"Flying your own plane and seeing the tops of trees is lovely, but you can't see the ground," says Miles. "RVing is scenic, relaxing and makes you one with nature. It's so peaceful that you sit in your motorhome, right before the sun goes down, and watch the deer walk through the park. You just can't beat that."

CUMMINS HAS RELEASED A NEW APP.

CUMMINS HAS INTRODUCED APPLE AND ANDROID VERSIONS OF ITS FREE QUICK SERVE ONLINE (QSOL) MOBILE APP. WITH YOUR ENGINE SERIAL NUMBER READY, SEARCH FOR "CUMMINSQUICKSERVEMOBILE" IN THE GOOGLE PLAY STORE OR "QUICKSERVE MOBILE" IN THE APPLE STORE.

Once you've entered your serial number, the app provides access to Cummins parts options, parts catalogs and engine dataplate information for 15 million Cummins serial numbers (ESNs). It also includes a fault-code analyzer for Cummins electronic engines, which explains current fault codes, advises which fault codes are dependent on others and recommends which should be fixed first.

DON'T LET *YOUR* MEMBERSHIP EXPIRE!

Please look at your label on the front of this newsletter to see if your membership is about to expire. We send out reminders at least two months in advance of your expiration, both by email and by mail, to provide adequate time to renew your membership. Dues are \$15.00/year or \$70.00 for five years. See Membership Application on page 39.

To access by Internet, visit the website at www.FCOCRV.org.

After logging in, you have the ability to conveniently renew your membership using PayPal. Simply clicking "Renew/Pay Dues" in the top right corner of your screen.

You may also update your membership and personal information by selecting "View/Update Your Profile."

PLEASE NOTE: If you are logging into the new site for the first time, your password is the same as it was for the old site. If you've forgotten your password, click "Forgot Password" under the login fields.

Disclaimer: FCOC is not responsible for personal statements, opinions or representation advanced in papers, newsletters, web site, in discussions at any meetings or its Internet site and Discussion Forums, or the validity of statements contained in any advertisements.

GET RV SOUL BY EMAIL!

You may request to have our newsletter delivered by email, especially if you travel frequently or if your mail is forwarded more than once a year. You will receive the newsletter earlier than those mailed, and they won't pile up in your motorhome. You will receive an email when the newsletter is ready to be viewed. Recent as well as previous issues of Freightliner Flyer are available for viewing and printing on the website.

For those who do not have email, please make sure we have your correct mailing address – especially those of you who have a seasonal address. We are experiencing a large number of newsletters returned. Time, money and postage rates are affected when they are undeliverable.

Thank you for helping us do a better job of getting important FCOC news and current updates to you! We want you to be in the know!

ONLINE MEMBERSHIP UPDATE OR RENEWAL

Anyone can access our website without logging in by going to www.FCOCRV.org. When a member wants to update their member profile or pay their dues, they will need to log in with two pieces of information: a membership number and a password. When a member has difficulty signing in, it is usually either because they forgot to include the letter "F" at the front of their membership number, or because they forgot their password. If a new member joins via our website, they will provide their own password at that time. New members who apply by mail will receive their password by email when their registration information has been entered. Members can change their password at any time by logging in and updating their member profile.

TO JOIN FCOC:

1. Select "Join FCOC" on the home page or in the top right corner of any page on the site.
2. Select the number of years you'd like to commit to and pay for.
3. Fill out all relevant fields. Those with an asterisk (*) must be completed.
4. Make note of the number in the "Username – Member ID" field. This is your FCOC ID number, which you'll need to log in to the site.
5. When you're finished, select your payment method and click "Sign Up" at the bottom. If you navigate away from this screen before clicking "Sign Up," your input will not be recorded, and you will be required to start over.
6. Complete your payment information and follow instructions to submit.

TO PAY DUES:

1. Sign in using the "Membership Log In" fields on the home page or the "Sign In" link in the top right corner of any page on the site.
2. Once you've signed in, select "Renew / Pay Dues" in the upper right corner of your screen.
3. Select the number of years you'd like to commit to and pay for.
4. Double-check that the information that populates in the form fields is correct. If it is not, change anything you need to, and the updated information will be stored in the database.
5. Select your payment method and click "Sign Up" at the bottom. If you navigate away from this screen before clicking "Sign Up," your input will not be recorded, and you will be required to start over.
6. Complete your payment information and follow instructions to submit.

If you do not have access to a computer or email, you may use the application in this newsletter on page 39.
If you have any problems, please let me know. My contact information is on page 4.

OFFERS FROM OASIS DEALERS

Freightliner Custom Chassis Corporation (FCCC) and select Freightliner Oasis dealerships around the country have initiated a program offering members of the Freightliner Chassis Owners Club (FCOC) special pricing on service labor and service parts.

The program offers current FCOC members the following discounts:

10% OFF POSTED LABOR RATES & 10% OFF PARTS

It is important that you do the following; if you don't, you may not get the discount and it will be your own fault!

You MUST tell them you are an FCOC member up front, request the discount and identify yourself by showing your current membership card. Ask to get a copy of your billing with the discount on it once your work is done.

In developing the Oasis Dealer Discount Program, all Oasis Dealers were contacted and invited to participate. But, participation in the Oasis Dealer Discount Program is a business decision made by each individual Oasis Dealer.

If the Oasis Dealer you wish to use is not on the list of participating dealers, we would encourage you to let them know of your desire to have them participate in the program. Dealers wishing for more information about the program should contact Tom James: phone (916) 870-9322, email VP.BUSDEV@FCOCRV.ORG. Also, if you have any problem with any Oasis Dealer on the list, let Tom James know, and he will try to help.

As a reminder, it's up to you to **ask first** for the discount, not after.

PLEASE REMEMBER: THESE OASIS DEALERS ARE SUPPORTING FCOC, SO PLEASE GO TO THESE DEALERS ONLY.

The following is a list of currently participating Oasis dealerships.

OASIS NETWORK DISCOUNT PROGRAM CENTERS

Freightliner of Arizona
