OFFICERS' MESSAGE

Welcome to the New Year. The Club is off to a great start already as far as our rallies and the participation in them is coming along. The first, in Seffner, FL, in February, has been sold out for quite some time. The Yuma, AZ, rally in April has some space left and, if necessary, we have the ability to exceed the amount of spots we have reserved. The Amana, IA, summer rally in July is well over half booked, but from the looks of it, will most likely be a sell-out also. That leaves the rally in Coos Bay, OR, in September, which is really taking off as well. We only have 90 spaces at the resort and we expect them to all be filled.

There are also two small rallies that were announced via an e-blast. One is the Atomic Bombsite in New Mexico and the other is the Diamond Mine in Arkansas. Both have very limited spots available. If anyone is interested in either of these, contact Tom James. His information is on the events tab on our website.

Our annual business meeting and board election will be conducted at the summer rally in Amana. We will need the slate of officers ready to be published in the next issue of RV Soul, as our by-laws require. We elect our officers in a staggered fashion – half one year and the other half the following year.

We have around 5,500 registered coaches in the Club, which equates to over 10,000 members that are eligible to hold an officer position. I would like everyone to consider joining the board and serving for the good of the Club. Our Nominating Committee is

chaired by Katherine Henley, and she can be reached at (214) 704-2437. If you want more information or to run for a position on the board, please contact her.

As I stated awhile back, I will not run for President again. I have been in the position for over seven years, having taken the position mid-term of the previous President. It has been my pleasure to serve and have had the good fortune of meeting literally thousands of our members either via phone or at one of the past rallies. I have always asked for input from members at any chance I have had and received a great amount of feedback that is now incorporated into the Club. I assure you, the FCOC doesn't belong to the board – it is the member's Club that the board serves.

Our Club is charted as a social club and it really works very well. I get great pleasure listening to the new and old friendships that exist solely because of the FCOC.

Travel Safe, and I hope to see you at an upcoming rally.

MESSAGE

FROM

Greetings, FCOC members:

On behalf of everyone at Freightliner Custom Chassis, I hope you had a joyful and happy holiday season. Your passion inspires us in everything we do at FCCC, and we consider it a gift to be able to come to work and provide you the best RV experience we can each and every day.

And, as you'll see in the pages in another outstanding edition *RV Soul*, I am reminded of why we love what we do. At FCCC, we help to build memories by getting drivers and passengers to their favorite places to visit family and friends, explore the beauty of nature and cheer on their favorite teams.

We are dedicated to providing the industry chassis of superior performance, safety, reliability and customer support. Our S2RV platform is an example of carrying out our mandate – a chassis specifically designed and built for the RV market. Powered by a Cummins diesel engine and Allison six-speed transmission, the S2RV takes you where you want to go with quiet, clean power and excellent gas mileage. Combined with outstanding maneuverability, frame rails, and a well-designed cockpit, drivers and passengers can go with confidence and comfort. Learn more about the S2RV on page 34.

Folks who attended the "Hillbilly Hoedown" can attest to how fun and engaging FCOC rallies are, as you'll see inside the issue (page 28). This past fall, more than 90 motorhomes

gathered in the Great Smoky Mountains to meet, eat, sing and dance. Our own Mike Cody held two, two-day Camp Freightliner classes that were filled with engaged owners wanting to get the most out of their RVs. You can find information on the five upcoming rallies in fun, beautiful and historical locations on page 17.

In the pages of this issue, you'll also find features and information on Club business, including newly elected officers and a farewell tribute to Tom James. The Inside FCCC section offers a summary of this past quarter's events, training sessions and rallies – including recognition of our Top 50 Dealers nationwide.

As always, we want to hear from you. Please feel free to share stories and photos of your journeys and destinations. It's a pleasure and honor to see how our work delivers memories for our friends.

In the meantime, safe travels and enjoy the journey.

FCCC President & CEO

Get The Most From Your Allison-Equipped Motorhome

Allison Motorhome Series™ fully automatic transmissions provide customized performance at your fingertips. The transmission will automatically select gears based on engine rpm, throttle position, vehicle load and road speed. However, you can manually control the upshifts and downshifts when it is necessary for driving in different conditions. To avoid damage to the drivetrain, the transmission will not allow you to select a range that will over-speed the engine.

Highway Driving (Level Terrain)

Operating in the Drive mode is recommended when driving in normal highway conditions.

Mountainous Driving (Up & Down Terrain)

When ascending a grade, gently release pressure on the throttle and select a lower gear range to maintain higher engine rpm. Road speed may decrease, but power (torque) will remain at peak output. When descending a grade, never use a higher gear range than was used ascending the same grade. Selecting a lower gear range will also minimize cycling between ranges on a series of short up and down hills.

City Driving (Stop & Go Traffic)¹

To maximize performance select the lowest gear range that allows the vehicle to reach the speed you expect to attain between stops. This will minimize cycling between higher ranges and provide better vehicle cooling while driving in stop-and-go conditions.

Winter Driving (Ice Or Snow)²

If possible, reduce road speed and select a lower gear range before you lose traction. Select the gear range that will not exceed the speed you expect to maintain. Accelerate or decelerate gradually to prevent losing traction. It is very important to gradually slow down when a lower gear range is selected. It is also important to allow the transmission to reach the lower gear range before attempting to accelerate. This will avoid an unexpected downshift during acceleration.

Engine Braking³

Engine braking provides good speed control for going down grades. When the vehicle is heavily loaded or the grade is steep, it may be desirable to preselect a lower range reaching the grade. If engine-governed speed is exceeded, the transmission will upshift automatically to the next range.

For more information, visit allisontransmission.com.

¹ In the event you leave the vehicle or driving compartment, even momentarily, while the engine is running, be sure the transmission is in Neutral and the parking brake and/or emergency brakes are set and properly engaged. Unexpected and possible sudden vehicle movement may occur if these precautions are not taken.

² Using the retarder on wet or slippery roads may cause loss of traction on the drive wheels—your vehicle may slide out of control. To help avoid injury or property damage, turn the retarder enable to OFF when driving on wet or slippery roads. The retarder is automatically disabled whenever the vehicle anti-lock brake system (ABS) is active. However, in case the ABS malfunctions, it is recommended that the retarder enable switch, if present, be disabled.

³ To avoid loss of control, use a combination of downshifting, braking and other retarding devices. Downshifting to a lower transmission range increases engine braking and can help you maintain control. The transmission has a feature to prevent automatic upshifting above the lower range selected. However, during downhill operation, if engine-governed speed is exceeded in the lower range, the transmission will upshift to the next higher range to prevent engine damage. This will reduce engine braking and could cause a loss of control. Apply the vehicle brakes or other retarding device to prevent exceeding engine-governed speed in the lower range selected.

THINGS TO SEE AND DO IN SOCORRO / TRINITY

OLD SAN MIGUEL MISSION: Founded more than 400 years ago, it began as a Franciscan-led mission. Today, the mission remains a center of the town's community and is one of the oldest churches in the U.S. (www.sdc.org/~smiguel/)

SALIANS PUEBLO MONUMENT: The national monument made up of three ruins is located in the northern corner of the Socorro County. The Pueblo people lived for centuries in stone complexes with roots dating back more than 7,000 years. They abandoned the area in the 1670s. (www.nps.gov/sapu)

MINERAL MUSEUM: Founded in 1889, the museum is a "rock hound" paradise, with a collection of 18,000 mineral specimens from mining districts like Magdalena, Organ and Santa Rita (to name a few). They are presented in thematic displays that illustrate the mineral wealth of each locality. (www.geoinfo.nmt.edu/museum/)

KARL G. JANSKY VERY LARGE ARRAY: Located 50 miles west of Socorro and spread across the plain of San Agustin, the VLA has been used by more astronomers and mentioned in more scientific papers than any other radio telescope in the world. The Array's 27 radio telescopes are set in a Y pattern, with each antenna dish measuring 82 feet across and weighing 230 tons. The VLA is open all year from 8:30am to sunset. Visitors are encouraged to explore up close. (www.public.nrao.edu)

SAN LORENZO CANYON RECREATION AREA: Home to some of the most interesting geological structures you'll find in the southwest, the area offers arches, slot canyons and shelter caves. Nearly a third-of-a-mile, the trail isn't long, but be prepared for beautiful views of wildlife and flowers. There are some steep drop offs as well, so dress accordingly and be careful. (www.explorenm.com/hikes/SanLorenz)

SEVILLETA NATIONAL WILDLIFE REFUGE: Four different biomes intersect this 230,000-acre refuge – with the Rio Grande flowing through its center – that supports a variety of biological diversity. Rather than being managed, the refuge allows "natural processes such as flood and fire to prevail," according to the U.S. Fish & Wildlife services. (www.fws.gov/refuge/Sevilleta/about.html)

SEVIERVILLE, TN RALLY

Linda Murphy, Rally Master

RALLY RECAP

At the base of the Great Smoky Mountains, the River Plantation RV Park (a new location for the FCOC) hosted over 90 motorhomes for another very successful rally.

It started off with a bang as both of the two-day pre-rally Camp Freightliner classes were filled to capacity. Attendees piled in to learn about their Freightliner Custom Chassis from FCCC's very own Mike Cody.

The Rally started on Monday, as FCOC President Steve Batorson followed registration with a First Timers Orientation and The Future of FCOC Seminar. A lively social hour to help get acquainted preceded a delicious dinner of roast beef and mashed potatoes with all the trimmings. Afterwards, a 50/25/25 drawing was held and raffle tickets and FCOC shirts were sold. The evening concluded as Kenny Evans from Rocky Top Theater entertained with a variety of country, oldies and gospel music. He also treated us to his rendition of "God Bless the USA," during which time the veterans in attendance were honored. One name from each military branch was randomly chosen to receive an FCOC Veterans plaque. Purple Heart recipients Terence Falke and Wayne King were also honored.

Tuesday morning started off with scrambled eggs, bacon, home fries and a generous fruit bowl. After, we switched gears for a two-hour Freightliner Fireside Chat led by FCCC's Wayne Scruggs.

Next, the floor was turned over to Scott Furr of Cummins, Inc. for a very informative seminar. Assistant Rally Master Beth Digate and her volunteers also hosted a Women's Social where tea and cookies were served and a white elephant gift exchange took place.

After lunch, the FCOC Annual Business Meeting was held with election of the slate of officers as presented by the Nominating Committee. Thanks were given to those retiring: Linda Murphy from Senior VP and Tom James from VP of Business Development. See page 8 for full election results.

For dinner, we attended "Hatfield & McCoy" – an all-you-can-eat dinner show. Not a soul left hungry. If you are ever in the area, do not hesitate to see it as it changes frequently.

Wednesday (Halloween) morning, we enjoyed a Mexican breakfast casserole, biscuits and gravy and fresh fruit. At the request of rally attendees, two four-hour tours were made available by Rocky Top Tours of Pigeon Forge. One group took the "Dolly's Rags to Riches" tour while another explored the Great Smoky Mountains. The Social Hour started off evening activities, followed by a Hillbilly Hoedown supper and costume party where many dressed in bibs, boots and hats. Judges Roy and Kathy Hopper and George and Terri James awarded winners from five categories.

Breakfast on Thursday was followed by a Wheel Weighing Seminar presented by Trey and Susan Selman of RVSEF (RV Safety & Education Foundation) and a travel seminar given by George and Terri James. After lunch on their own, everyone met for the 2018 premier of the fabulous "Smoky Mountain Opry" Christmas Show. (Yes, we went from Halloween to Christmas in a matter of 24 hours.)

After Happy Hour and another delicious dinner, a 50/25/25 drawing was held. A total of \$1,198 was collected for our chosen charity "Dolly's Imagination Library," with proceeds to be targeted to supply books to the hurricane victim areas. Dolly Parton's Imagination Library is a book gifting program that mails free, high-quality books to children from birth until they begin school. Their local project has spread near and far.

I could not conclude this recap without recognizing all the amazing people and organizations that helped to make it happen. Many thanks to:

- As always, all of our veterans and all those currently serving.
- River Plantation and their employees, for making our stay so enjoyable and for their gift of a four-night stay to be used as a raffle prize.
- Dometic Corporation, for once again generously donating items for our raffle and welcome bags.
- Autumn Lake RV Park, for their donation of two (2) one-week stays.
- Chef's Catering, for all our very good, very generous meals, and for getting nearly 200 people through the lines in under 20 minutes.
- Cummins, Inc.'s Scott Furr, for a valuable presentation and for sticking around to answer further questions.
- Freightliner Custom Chassis Corp, for welcome bags items, Air Tabs, Wiper Blade Saver sets, Nano Shades and for bringing the parts trailer
- Coach-Net, for various gift items.

- Sevierville Chamber of Commerce, for the great information packets.
- John Scully, Group Sales Manager with Fee/Hedrick Family Entertainment Group, for making the "Hatfield & McCoy Dinner Show" and the "Smoky Mountain Opry Christmas Show" possible at an affordable rate.
- Beth Digate, Roy and Kathy Hopper, George and Terri James, Cliff Hardy, Marty Wainnor, Jonathan Scharf, Jerry Kapcsos, Andrew and Judy Allen.

I hope to see you down the road!

Sincerely,

Linda Murphy, *Rally Master*

BETTER DRIVING. BETTER LIVING. BETTER MEMORIES.

The RV owner experience is always driven forward through innovation. While many FCOC Club members are already enjoying the benefits of a Class A diesel RV, our team at FCCC recognizes that purchasing a Class A can be a big step to people accustomed to a Class C gas coach. It's a big change that we firmly believe is worth the investment, but we wondered... could there be a step between a Class C gas coach and a Class A diesel?

That's why we developed and custom built the S2RV—our exclusive, one-of-a-kind "Super C" cab chassis. Backed by the vast resources of Daimler, we designed the S2RV to maximize your driving comfort, with features like these:

- **Custom-designed suspension**, tuned for RV performance.
- **Thoughtful cab configuration** with a large windshield, ergonomically designed dash, premium noise abatement and insulation package, and TRW infinitely adjustable steering column ensure mile after mile of driving comfort.
- **Cummins B6.7 360HP Diesel Engine** for quiet, clean power, years of performance and less maintenance than a gas engine.
- **Allison 3000MH transmission**, specifically designed to be used in RV chassis.
- **100-gallon fuel tank & 10-gallon DEF tank**—more capacity means more miles between stops and fill-ups.
- **Custom-tuned SACHS® shocks** like those found on Mercedes-Benz®, Rolls-Royce and Maserati offer a smoother, more comfortable ride.
- **FCCC 24/7 Direct factory service** and mobile app, an unrivaled national service network and our "Grown in Gaffney" American craftsmanship—all the benefits you've come to know and love from FCCC. With more than 450 Freightliner-branded service locations throughout North America – including 90+ Oasis Network locations dedicated to RV service.

RESOLUTIONS FOR THE RV-ER SOUL

✓ TAKE MORE TRIPS

Okay, this may seem like the obvious one since we all strive to travel more each year. BUT, this year, we urge you to take the trips you've been putting off. Some campgrounds book months (even years) in advance, so make a move in the right direction and get the date pinned down – worry about the rest later. Take the “maybe some day” vacation today!

✓ DOCUMENT YOUR TRAVELS

As RVers, we are blessed with some of the most amazing views and scenery this world has to offer. And with our lifestyle, time is a luxury! Use it to share your journey with those at home. Start a travel diary, put together photo albums or even create an Instagram account to post details, stories and images of your favorite places.

✓ CROSS OFF THE BUCKET LIST

Visit a national or historic landmark for the first time. Try an eclectic delicacy of a new city. Take in one of the wonders of the world. The new year is the perfect time for new memories, new experiences and new favorite destinations.

✓ ADD SOME POP

Spruce up your coach's interior with some new pillows, curtains, rugs and throws. All of which can be purchased inexpensively, involve very little work to complete and make a huge difference in the look of your space. AND, the best part, it will make your home on the road feel brand new all over again.

✓ LEAVE TECHNOLOGY BEHIND

We challenge all of you to leave your iPhone, laptop and all other technology behind for just one day. If that's too easy, try a week.

Enjoy your uninterrupted human-to-human communication and time spent connecting with the environment around you. It's time to stop and smell the roses, people!

✓ GO GREEN

Why not start the new year by making a little extra effort and show our environment a little TLC? Swapping out existing lights for LED, installing solar panels and cutting back on AC usage are all long-term changes that will help to reduce costs and save energy. You could also make simple lifestyle changes such as using silverware instead of paper/plastic, recycling trash and shopping for more environmentally friendly products.

✓ ATTEND RALLIES

The RV community offers countless rallies, shows and events throughout the year. Our Club offers SIX rallies in 2019 alone. Make it a goal to attend and enjoy more than you have in the past, which brings us to our secondary resolution: make a new RVing friend. And these rallies are the perfect place to start.

✓ USE A MAP

Many of our coaches offer built-in, high-tech navigation systems. This year, make it a goal to go back to the old-school ways of travel and experience RVing the way we used to – even if it's just for one trip.

FEATURED MEMBER

PETE & KAREN HILTON HALL

Although relatively new to the world of RVing, travel and adventure is nothing new to Pete Hilton Hall and his wife Karen. Karen, a retiree of the Federal Aviation Administration (FAA), and Pete of the Air Force/Air National Guard, met in the FAA 15 years ago, having the privilege of traveling all over the U.S. and abroad to the Republic of Korea. After retiring in 2014, they purchased a 57-foot boat, which took them down the inter-coastal waterway for two years until they transitioned to an RV.

It was a little over a year ago now that Pete and Karen finally took the plunge and purchased their first coach – a 2016 Tiffin. Shortly after, they attended their first FCOC rally in Sturgis, SD, and became members of our beloved Club. While there, the couple also took advantage of FCCC's Fireside Chat to learn all there is to learn about their RV and chassis.

"THIS TIME, I'M ABLE TO STOP AND SMELL THE ROSES."

The couple agrees that, along with gaining chassis knowledge and traveling with likeminded families, they joined the FCOC because they wanted to be part of the community – something they said is very similar to the community of boat owners and sailors.

"Being in the military for over two decades, I saw lots of beautiful parts of the country," said Pete. "Now, I get to take in places I haven't seen, really experience the flavors of each city and visit my favorite places again – and this time, I'm able to stop and smell the roses."

And they certainly haven't wasted any time! The Halls and their two miniature Australian shepherds Toby and Molly have made lots of memories in their first year on the road. So far, the family has traveled to Arizona, Utah, South Dakota, Tennessee, the Carolinas and

more. They've enjoyed visiting FCCC's Gaffney headquarters where they had their Tiffin serviced, cheering on their favorite drivers at the Daytona 500 and seeing wild buffalo pass right in front of their window at Yellowstone National Park.

"My favorite experience to date, having a military background, was by far Mount Rushmore," said Pete. "We saw it during the day, but it was the nighttime ceremony that left me speechless. Everyone stood as they lit up the presidents' faces during a very patriotic commemoration. I felt nothing but pride."

As for the coming year? The Halls have no plans of slowing down. In 2019, they're scheduled to hit many FCOC rallies, West Virginia, NASCAR races at the Richmond and Charlotte Speedways, Pioneer Day in Wyoming and a 61-day trip to Alaska, just to name a few. We're sure there are many more adventures in the near future, as the couple made a deal to prioritize travel at least once each month.

"We're also in the process of planning an Ireland trip with our neighbors," added Pete. "And I'm determined to put a check on the bucket list by drinking my way through the lagers and ales at Oktoberfest in Germany – sooner rather than later."

TOUR THE FCCC FACTORY

While you're in town for Camp Freightliner, we encourage you to tour the factory to see how our chassis come together.

At approximately 200,000 sq. ft., the FCCC Factory is a must-see for Freightliner Chassis owners. Just 4.5 miles from our Service Center and six miles from the KOA Campground, the FCCC Factory offers a daily tour Monday-Friday with registration beginning at 10:15 a.m. in the main lobby. Each tour lasts 45 minutes to an hour, and you will see everything from an engine being up-fitted with accessories to a completed chassis ready to roll out the door to the body builder.

Time for a factory tour is not included in the Camp Freightliner itinerary, so plan an extra day before or after class for this one-of-a-kind experience. You won't want to miss it!

ROADSIDE RECIPES

The chilly winter months are among us, which means it's time to break out and indulge in all our favorite flavors of the season. The best part? These recipes are perfect for preparing ahead of time for you to chow down before heading out for a snowy adventure or to cozy up with at the end of the day. Enjoy!

TIP:

For a chili more on the spicy side, add more jalapeños/chiles and less brown sugar; do the opposite for a sweeter flavor. Top with shredded cheese, chopped yellow or green onion, sour cream, cilantro and avocado for a bit of a Mexican twist.

SLOW COOKER SPICY & SAVORY CHILI

Prep time: 15 minutes Cook time: 4 hours Servings: 8-10

INGREDIENTS:

- 2 lbs. ground beef
- 2 gloves garlic, minced
- 4-6 stalks celery (as much as desired)
- 3 cans chopped tomatoes
- 1 can Rotel
- ½ can diced jalapeños or green chiles
- 1 can black beans, drained and rinsed
- 1 can pinto beans, drained and rinsed
- 1 large onion, chopped
- 1 can kidney beans, drained and rinsed
- 1 can Brooks hot chili beans, drained
- 1 packet chili seasoning (mild or hot)
- 2 tablespoons chili powder
- 1 tablespoon cumin
- ½ cup brown sugar
- Dash of salt
- V8 tomato juice

DIRECTIONS:

1. Brown the ground beef with onion, garlic and celery in a large skillet. Once cooked, transfer to your slow cooker.
2. Add tomatoes, Rotel and chiles to slow cooker – as well as drained and rinsed black beans, pinto beans and kidney beans.
3. Drain Brooks hot chili beans (DO NOT RINSE) and add to slow cooker.
4. Stir in the seasoning packet, chili powder, cumin, salt and brown sugar.
5. Add V8 tomato juice to your consistency liking (I usually use a little over half of the jug).
6. Chili is ready as soon as vegetables are softened, but recommend slow cooking for four hours on low-medium heat for flavors to fully develop.

Did you enjoy this recipe? We'd love to see how it turned out! Have a recipe of your own? We'd love that even more! Post your pictures on Facebook and don't forget to tag us – it could be featured on our RV Road Trippers Facebook page or in the next issue of RV Soul.

SLOW COOKER MULLED CRANBERRY APPLE CIDER

Prep time: 5 minutes Cook time: 2 hours
Servings: 16

INGREDIENTS:

- 1 gallon apple cider or juice
- 2 cups pineapple juice
- 1 cup fresh cranberries
- 1 orange, thinly sliced
- 2 cinnamon sticks
- ½ teaspoon freshly grated nutmeg
- 1 inch fresh ginger, peeled and thinly sliced
- 3 whole allspice berries
- 4 whole cloves

DIRECTIONS:

1. Pour apple juice/cider and pineapple juice in your slow cooker. Add orange slices, cranberries and grated nutmeg.
2. On a coffee filter or piece of cheesecloth, place cinnamon sticks, allspice, cloves and ginger. Tie off with butcher twine and add to your slow cooker.
3. Cook on low for 4-6 hours or on high for 2-3 hours. Fish out spices and enjoy!

TIP: Add your favorite red wine or brandy for a kick. You could also rim glasses with honey and brown sugar for the sweet tooth. Or, get the festive, seasonal look with a sprig of rosemary!

CROCKPOT CARAMEL APPLE CRUMBLE

Prep time: 25 minutes
Cook time: 2-4 hours
Servings: 4-6

INGREDIENTS:

- 1 cup brown sugar
- ½ cup granulated sugar
- 5 large apples, cut into chunks
- ¼ teaspoon salt
- 1 teaspoon cinnamon

TOPPING:

- 2/3 cup oats
- 2/3 cup loosely packed brown sugar
- ¼ cup flour
- ½ teaspoon cinnamon
- 2-3 tablespoons softened butter
- 1 teaspoon vanilla extract

DIRECTIONS:

1. Mix brown and granulated sugars; spread in bottom of your slow cooker to cover evenly.
2. Toss apples with salt and cinnamon. Layer on top of the sugars, keeping them in a single later as much as possible. Add remaining apples on top.
3. Mix crumble topping ingredients in a bowl. Use your fingers to distribute the butter evenly and thoroughly, clumping it together. Sprinkle it over the apples evenly.
4. Cook on low for 4 hours or on high for 2 hours. Turn off heat and let sit, covered, for one hour. During this time, the caramel will thicken.
5. Serve with vanilla ice cream and/or whip cream.

NOTE: This "caramel" sauce is not your typical thick and gooey caramel, but it does thicken in the crockpot once cooled.

OFFERS FROM OASIS AND PARTICIPATING DEALERS

Freightliner Custom Chassis Corporation (FCCC) and select Freightliner Oasis dealerships around the country have initiated a program offering members of the Freightliner Chassis Owners Club (FCOC) special pricing on service labor and service parts.

The program offers current FCOC members the following discounts:

10% OFF POSTED LABOR RATES & 10% OFF PARTS.

It is important that you do the following; if you don't, you may not get the discount and it will be your own fault!

You MUST tell them you are an FCOC member up front, request the discount and identify yourself by showing your current membership card. Ask to get a copy of your billing with the discount on it once your work is done.

In developing the Oasis Dealer Discount Program, all Oasis Dealers were contacted and invited to participate. But, participation in the Oasis Dealer Discount Program is a business decision made by each individual Oasis Dealer.

If the Oasis Dealer you wish to use is not on the list of participating dealers, we would encourage you to let them know of your desire to have them participate in the program. Dealers wishing for more information about the program should contact James Peek: phone (916) 870-9322, email VP.BUSDEV@FCOCRV.ORG. Also, if you have any problem with any Oasis Dealer on the list, let Tom James know, and he will try to help.

As a reminder, it's up to you to **ask first** for the discount, not after.

PLEASE REMEMBER: THESE OASIS DEALERS ARE SUPPORTING FCOC, SO PLEASE GO TO THESE DEALERS ONLY.
